

JBL 4349

12-inch (300mm) 2-Way Studio Monitor Loudspeaker

JBL

JBL Sound: A Heritage of Excellence

JBL Loudspeakers have been a top choice of music and movie professionals for nearly 75 years. They provide incredible sound in movie theaters, concert venues, recording studios and houses of worship worldwide. But you don't need to be a professional to enjoy legendary JBL sound. Our home products and systems leverage the same cutting edge technology and acoustic science the pros rely on.

JBL 4349 2-Way Monitor Loudspeaker

Designed and engineered in JBL's world-famous acoustic engineering facility in Northridge, California, the 4349 Studio Monitor is a showcase of patented JBL acoustics technologies. This compact, high-performance monitor loudspeaker features a 2-way design with patented High-Definition Imaging (HDI™) horn technology, the patented D2415K dual 1.5-inch (38mm) compression driver, and a 12-inch (300mm) cast-frame, Pure-pulp cone woofer for powerful dynamics and incredibly accurate sound reproduction.

JBL 4349
